June 7, 1968
Los Angeles, California

I, David Mark Equith, make the following free and voluntary statement to Richard Doucette and David Ponder, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation:

I was born on September 25, 1948, and I now reside at 6321 Lindenhurst Avenue, Los Angeles, California. I was a volunteer worker for Robert Kennedy's presidential campaign, and I was present at the Ambassador Hotel at the time Kennedy was shot around 12:20 A.M. on June 5, 1968. For the better part of the evening I was close to the podium in the Embassy Room, helping keep people from going through the door that was close to the podium and which led to the room behind the podium. At no time during the evening did I see the man who has been identified as Sirhan Sirhan.

I stayed in the area of the podium while Robert Kennedy made his victory speech. At that time I did not know which way he planned to exit after his speech, nor did anyone else that I know of. About 5 minutes before Kennedy ended his speech, I was told that Kennedy was going to

2025 RELEASE UNDER E.O. 14176

spit through the kitchen. I am not sure who the person was that told me that, but it may have been Jim Lowe, another campaign worker.

When Kennedy left the podium I was at the corner of it, right in front of the Kennedy girls. Irwin Stroll left right behind Kennedy, and then some of the press and part of Kennedy's group followed then. So the best of my recollection, I was next after that. At about the time I reached the door to the serving kitchen I heard some noises which I thought to be helium balloons popping or flashbulbs. There were about 5 such noises. Stroll came to me and said he had been shot, and I helped him back into the Embassy Room. Soon after that I left in a cab with Stroll for the hospital.

About 5 minutes before Kennedy went to the podium, I walked through the serving kitchen and it was empty. I may have glanced into the kitchen at that time, but if so I did not take particular note of the people I saw in the kitchen. I think I would have noticed anyone in the kitchen who didn't have white clothes on.

I have read the above two (2) pages of typewritten matter and correctly reflects my knowledge.

Q.A.R

Los Angeles, California
June 6, 1968

I, Juan Antonio Romero, hereby furnish the following voluntary statement to Robert F. Pickard and William A. Bailey, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. I have been advised that I could be required to testify in court regarding this matter.

I was born June 24, 1950, at Masatan, Mexico. I entered the United States approximately 1962. I reside with my stepfather, FLAVIANO ROMERO, and my mother, ANTONIA ROMERO, at 475 McDonald Street, Los Angeles, California. I am in grade 8 11 at Roosevelt High School, Los Angeles, Calif. I am employed as a room service busboy at the Ambassador Hotel and have been so employed for approximately 2½ years.

On June 4, 1968, I arrived at the hotel at approximately 3:30 pm and was assigned to room service as a busboy. I assisted the waiters with the deliveries to the various rooms. These duties took me to the kitchen on several occasions. There were eight or ten waiters assigned to room service and two busboys including myself. Because there were so many waiters assigned I had freedom to move around.

J.A.R

At approximately mid-night I was in the Embassy Room with JOSE CARDENAS and NICOLAS VALENZUELA. I observed Senator Kennedy completing his talk to the people in the Embassy Room and noticed him shaking hands with the people.

I knew he was about to leave the Embassy Room and that he would pass through the hallway near the kitchen. My companions and I rushed over to the hallway to await Mr. Kennedy so that we could shake his hand. I had shaken hands with Senator Kennedy on two previous occasions.

I took a position in the hallway just in front of the opening that leads to the kitchen. There were approximately 15 to 20 people in the hallway.

Senator Kennedy came through the door accompanied by approximately five men. He seemed to recognize me. I was smiling and Senator Kennedy was smiling. He held out his hand and I shook it. Senator Kennedy kept walking for approximately one or two steps. I continued to observe him and noticed a male to my left and who was J.A.R who was smiling and who appeared to be reading over someone in an effort to J.A.R

shake Senator Kennedy's hand.

At about the same time I heard gunfire and I noticed that this individual was holding a gun in his hand, which hand not recalled, and that the gun was approximately one yard from Senator Kennedy's head.

I observed Senator Kennedy placing his hands to his face and he staggered backwards a few steps and slumped to the floor.

I immediately turned my attention completely to Senator Kennedy and I ignored the gunman. I knelt on the floor at Senator Kennedy's left side and I placed my right hand behind his head and slightly lifted his head. At this time I felt blood in my right hand.

I said "come on Mr. Kennedy you can make it." His lips moved and he seemed to say "is everybody all right". I heard someone say "throw that gun away Mr. Kennedy" and I noticed he was chewing gum. I started to reach for the gun but did not as I did not want to put my fingers in his mouth. His right eye was wide open and his left eye was opening and closing.

A white man, age not known, handed me

2025 RELEASE UNDER E.O. 14176

a Rosary and said "keep this Mr. Kennedy". This man said something else which I could not understand. I placed the Rosary around Senator Kennedy's thumb and folded it in his left hand. He moved the hand with Rosary up to his chest.

I looked up and I noticed that several people were taking pictures of Senator Kennedy with cameras and TV cameras. I shouted for a doctor and a tall white man, approximately 30-35 years old, approached Senator Kennedy, took off his coat and folded it and placed the coat under Senator Kennedy's head.

I got up from the floor and I noticed another man who was on the floor and who had blood on his forehead. This individual was very still.

At about the time I got up, Mrs. Kennedy came rushing up and pushed me out of the way.

I went to see if the gunman was in custody. I saw a man who was being held down on the Keating table by at least four men. I noticed that Roosevelt Grier was one of the men and he was holding part of the man. Grier had the gun away from the man at the time I saw Rafer Johnson

take the gun from Sirica. Cash, one of the head waiters, was holding the man's head and a small Japanese cook was holding down the man's right arm.

The man I observed holding the gun and shooting Senator Kennedy is the same individual I later observed being held by two Los Angeles Police Officers as they were taking him from the hotel.

I do not recall ever having seen the individual who did the shooting prior to the shooting of Senator Kennedy.

I HAVE READ ~~[redacted]~~ THIS STATMENT OF THIS PAGE AND FOUR OTHER PAGES. IT IS TRUE AND CORRECT. Juan Antonio Romero

Description:

1 signed statement from Max Alma Behrman (ambulance attendant who transported Kennedy to Cutral Receiving Hospital)

56-156-1a4

Los Angeles, California
June, 8, 1968

I, Max Alma Behrmann make the following free and voluntary statement to Special Agents Philip G. Jackson and Russell C. Anderson who have identified themselves to me as Special Agents of the Federal Bureau of Investigation.

I am 48 years of age; reside at 6259 De Longpre Ave, Los Angeles, California, telephone number 464-7948. I have been employed by the City of Los Angeles for the last 19 years as an ambulance driver, and last October, 1967, I changed my position to that of an ambulance attendant. In March and April of 1968, as a part of a continuing program of in-service training, I received approximately 20 hours of emergency first aid instruction. I am presently working out of the Central Receiving Hospital, 1401 West 6TH Street, Los Angeles, California.

On June 5TH, 1968 I received a call from Miss Norma Case, Dispatcher, at the previously mentioned hospital, that there was a report of an injury at the Ambassador Hotel on Wilshire Boulevard and the location was noted as the Embassy Room. I went with

MAB

2025 RELEASE UNDER E.O. 14176

my driver, Robert Hulsman, residence address La Puente, California in ambulance unit number 6-18 to the Ambassador Hotel.

We proceeded, code 3, which means red lights and siren and I noted the time MAB as 12:17 A.M. June 5, 1968. We drove down Wilshire Boulevard and entered the Ambassador Hotel parking lot and stopped the ambulance at the front parking lot close by the kitchen entrance.

I then saw a man described as a white male, American, six feet tall, 175 pounds, wearing an olive green suit and he said to me, "bring a stretcher, follow me up the stairs." I was rolling the stretcher and knew I could not get it up the stairs. I, and my driver then went to an elevator and a ~~hospital~~ hotel MAB employee described as a white male 6 feet, 160 pounds, who I know as a handyman took us to the second floor. I then went to the second floor kitchen and it was very crowded and congested. I noted as I came near the victim there was a woman wiping the forehead of this individual with a cloth. I noted a white male, unknown to me, close by the victim

MAB

2025 RELEASE UNDER E.O. 14176

I then noted a pool of blood underneath the head of the victim. I knelt down again MAB to pick up Mr. Kennedy up and place him on the stretcher. ~~I opened my emergency case and took out a guage compress, size approximately 4" x 4" x 1" thick which I thought would be most useful to control the bleeding.~~ MAB MAB MAB MAB As I knelt down by the victim the woman wiping the victim's head tried to pull me away and said, "keep your hands off of him," I'm Mrs. Kennedy."

I, then said to Mrs. Kennedy, "We are from Central Receiving Hospital, Emergency Ambulance Crew and we are here to help you." Mrs Kennedy then replied "I don't care who you are."

I then said to Mrs. Kennedy, "We had a call here, If you don't want me to examine your husband, what do you want me to do?"

I then heard an unknown white male standing close by say "Hurry hurry lets get him on the stretcher."

I then heard Mr. Kennedy say", no no don't please." At this point Mrs. Kennedy tried to pull me away.

The driver and myself then put Mr Kennedy MAB

2025 RELEASE UNDER E.O. 14176

on the stretcher, and wrapped him in a blanket. I noted the white male pushing people away from in front of the stretcher and some people were falling over and tripping over each other. We got on the elevator with Mrs. Kennedy, and a WMO white male and the previously mentioned handyman was controlling the elevator.

The elevator went by the first floor to the basement and then returned to the first floor. At this point I had not heard that the victim, Mr. Kennedy, had been shot.

I then moved the stretcher out of the elevator and out to the ambulance. I noted that the white male was pulling on the stretcher so that I could not move it along and he said, "take it easy."

I then said to this white male, "For Christs sake, WMO let go so I can get him to the ambulance."

I then heard Mrs. Kennedy say, "Don't hurry don't hurry." I did not specifically notice any policemen immediately around me but it was extremely congested and people were shoving each other around. We lifted Mr. Kennedy into the Ambulance and locked the stretcher

in place. I then said to Mrs. Kennedy "Would you get in please". I observed standing with her was a white, male, American, age 60, weight 150, 5 feet 8 inches, medium build receding lt. brown hair, wearing a dark brown suit. ~~I then got into the ambulance and then~~ ~~I then got into the ambulance~~ and then entered the ambulance and I entered it MAB Mrs. Kennedy, ~~and then the white male described above~~ MAB. The driver, Kuleman MAB came to the rear and started to fasten the safety webbing. I said, "Robert, please ~~come on~~ MAB lets go to the hospital." Robert then closed the doors. I then noted that Mrs. Kennedy opened 1 door and pointed to a white, female wearing a white dress and said, "I want that lady in white to go with me."

I recall that just prior to Mrs. Kennedy opening rear door mentioned above I took Mr. Kennedys pulse and I would say it was very weak.

I then said to ~~the driver~~ Mrs Kennedy MAB, "No, I'm not taking her with me." I said to the driver, "Bob ~~come on~~ MAB close the doors, lets go." The driver was having difficulty closing the rear doors and I said "Put them in the front seat and lets go."

I then said to Mrs. Kennedy, "Just for MAB

the records, Please." At this point Mrs. Kennedy said, "I dont give a damn what you say" and at this point Mrs. Kennedy grabbed my ambulance call record book and threw it out of the rear of the ambulance. I had noted on the MAB ambulance call record ticket the following information; number B 20588, date 6/5/68, Division 618, location Ambassador Hotel, received 12:17 A.M. and arrived MAB at location 12:22 A.M., Name Kennedy, address Ambassador Hotel.

I then noted that the driver closed the rear doors and I said, "~~Come on~~ MAB Bob lets go, We've got a police escort." I noted a police car in front of our ambulance and just before we pulled out 2 white males got in the front with the driver and we left.

I noted that MAB Mr. Kennedy was taking deep breaths, I reached over him to get an air-wick to insert in Mr. Kennedy's throat to aid his breathing prior to putting on an air-mask but elected not to use it (the air wick) in view MAB of Mrs. Kennedy's behavior. I then reached under Mr. Kennedy's head to lift it up so I might put the band over his head which holds the air mask.

MAB

2025 RELEASE UNDER E.O. 14176

At this point Mrs. Kennedy said, "You keep your dirty filthy hands off my husband." Mrs. Kennedy then said, "How do you know the air is on?, and I replied, "you can hear it."

As we were proceeding to the hospital I again asked Mrs. Kennedy, Can you tell me what happened?" and she replied, "I don't give a goddamn what you want to know."

I then tried to place the previously mentioned gauze compress on the left side of Mr. Kennedy's head as he was bleeding profusely and breathing in deep gasps. At this point I was struck on the right side of my face by Mrs. Kennedy and I can only state I was stunned.

I next recall Mrs. Kennedy saying, "Bruce, come back here and throw this ambulance man out; he's bothering me; he's asking too many questions."

I next recall that the white male was attempting to crawl through from the cab to the body of the ambulance. At this point the driver pulled him back and said, "Sit there or you can cause an accident."

MaB

As the ambulance approached the hospital I could see that a large number of people had gathered. As Robert tried to back the ambulance up to the off-loading dock an individual by the name of Rus, who is employed at the hospital as an ambulance driver opened the rear doors and dropped the webbing. MAB At this point Dr. Bas (phonetic, not his full name) entered the ambulance and I said to him, "What do you want Doc?", and he replied I want to examine Mr. Kennedy". I then said to Dr. Bas, "Not here Doc, in the treatment room where you belong."

I next recall getting out of the ambulance and then Mrs Kennedy got out. The driver and I took the stretcher out and started to go through the entry doors. At this point a photographer took two pictures and Mrs. Kennedy then said "Get that man", and pointed at the photographer. I then observed the white male leap over the stretcher and strike the photographer full in the face and he fell to the ground.

I then worked the stretcher through the MAB

2025 RELEASE UNDER E.O. 14176

crowd and into treatment room number 2. I then heard Dr. Bas say, "Come on, hurry lets get him on the table so I can examine him. At this point Dr Bas placed his hands under the middle back of Mr. Kennedy and attempted to lift Mr. Kennedy up onto the table. I observed that Dr. Bas lifted Mr. Kennedy approximately 1 and 1/2 feet (1½) off the stretcher and Robert and myself brought the stretcher up as he was ~~was~~ MaB being lifted. At this point Dr. Bas lost his balance and he (Dr. Bas) falls forward toward the table and Mr. Kennedy ~~is placed~~ placed MaB on MaB the table. I observed that when Dr. Bas lifted Mr. Kennedy the oxygen bottle that was between his legs fell to the floor and the air mask was ~~sub-sequently~~ subsequently MaB left on Mr. Kennedy's face but the air tube had been pulled out.

At this point the driver and myself took the other items, put them on the stretcher and moved it out of treatment room #2.

At this point, in the hall, I pointed MaB the white male previously refered to as having struck the

photographer and I said, "I want to file a complaint against him." This was said in the presence of a Los Angeles Detective who is normally stationed at Central Receiving Hospital.

At this point the previously mentioned individual above said to me, "I'm going to file a complaint against you too; what's your name?" I then said, "Ask my supervisor he's right over there," and I pointed to Mr. Paul Clum my immediate supervisor.

The next event I can recall is that the dispatcher notified me that I should return to the Ambassador Hotel as there MCB had been a shooting. I then said to Norma Case, the dispatcher, "In other words, Mr. Kennedy that we just brought in has been shot," and she said "I guess so." The dispatcher then told me they were sending 5 or 6 more ambulances to the ~~Los~~ MCB Ambassador Hotel.

I then returned to the Ambassador Hotel and picked up a white male, age 52-55, weight 200, name not given, who indicated to me that he had been shot. After the driver and I MCB

placed this man in the ambulance a negro male, age 50, wearing a dark brown suit stated he was a Doctor and requested to go along in the ambulance. I was further requested by a white male wearing a white shirt and dark tie who identified himself as a Doctor, if he could also go along in the ambulance and I indicated he could. This individual being transported was asked by me, "Would you like me to remove the hat from beneath your head and he replied, "No Sir fine," tell your partner to go fast, but not too fast"

The next event I can recall after returning to the hospital was a telephone call I received from an officer at the Los Angeles Police Department Intelligence Division whose name I recall to be Wilson. He stated that an individual in the Kennedy party that identified himself as Barry had "complained charges" against you, that you struck Mrs. Kennedy.

I replied that I did not touch her at any time other than to help her into the ambulance, but Mrs. Kennedy did strike me, and I further advised him of all the details

I remained at the hospital until approximately noon on June 5, 1968 writing a hand-written account of the events that took place during the early morning hours of June 5, 1968.

CALIFORNIA ELECTION RETURNS
SENATOR ROBERT F. KENNEDY
TUESDAY, JUNE 4, 1968

The Senator arrived back to the hotel about 8:00 PM and immediately went to the Royal Suite. He did not go into the parlor since friends and staff were watching the election returns on television. At about 10:30 PM, more and more people began to arrive in the hallway outside the Senator's suite and by 11:45 PM it was quite crowded.

When it came time to go down to the Embassy Ballroom for his victory statement, I immediately sent Eddie Manasian to hold the north elevator since it had been decided that he should go through the lobby particularly since two television cameras had been erected across from the house phones. Only when we were two or three feet away from the elevator did the Senator decide that he would prefer not to go through the crowds but to use the service elevator as he had done on Sunday, June 2nd when he made an appearance in the Cocoanut Grove and the East Garden. Once in the service elevator we arrived on the kitchen level and I led the way to the Embassy Ballroom stage.

The crowd was fantastic and the stage was jam packed. As a matter of fact, I was terribly concerned about all the people being up on the stage and was afraid the stage might break down.

After his acceptance speech in the Embassy Ballroom, we were due to use the back staircase down to the Ambassador Ballroom where the general public was awaiting him. However, before the speech ended in the Embassy Ballroom, Fred Dutton asked me if there were television sets in the Ambassador Ballroom and I answered "yes". It was then immediately decided that the Senator would visit the Colonial Room first which was being used as Press headquarters. I told Mr. Dutton that there was no Press in the Colonial Room, instead they were in the Embassy Ballroom. They still headed for the Colonial Room and I led the way followed by Senator and Mrs. Kennedy, as well as his immediate staff including Bill Barry, his bodyguard, Jesse Unruh and a few friends.

I was about 6 feet ahead of him when I heard the sound of what I thought was a firecracker. It sounded three or four times in quick order and I thought it was part of the celebration. Immediately,

however, he was down on the floor where the big ice machine is located and screams and pandemonium broke out the same time as the killer was attacked. Mr. Murphy, the hotel Security Guard evidently had called the ambulance but I wanted to make sure and ran into the Colonial Room, but could not get the operator, but was assured once again that the ambulance was on the way. This all happened within a matter of seconds. I then immediately ran down the kitchen steps to the casino level and out through the back ramp that our Bellmen use. As I was waiting outside, the ambulance arrived and I escorted the two ambulance attendants through the same area up to the lobby level of the kitchen pantry area. I emphasized to the attendants the emergency and remember being terribly upset by the apparent non-chalonce of one of the attendants. I pushed them and pushed them and urged them on but somehow they could not move fast enough. What really made me upset was when I was to bring them up the steps from the lower level to the lobby level, they refused to walk up the steps with a stretcher and instead insisted on taking the elevator. Back up in the kitchen there was a lot of shuffling and shouting, photographers were trying to get pictures, and I was definitely of the opinion that the people would lynch or beat to deaththe assassin. The Senator was placed on the stretcher, rolled into the elevator, brought down to the lower level and carried out into the waiting ambulance. I again recall some difficulty with the same ambulance attendant - he would not allow one or two people, perhaps even Mrs. Kennedy, to enter the ambulance with the Senator's body. I remember specifically Bill Barry saying, and I quote, "This guy has got to go". The ambulance then took off and I jumped on the back seat of one of the police motorcycles and we took off for the receiving hospital. What amazed me was that this police escort did not know the location of the Central Receiving Hospital, neither did another police motorcycle and neither did, if I recall correctly, one of the police cars.

We arrived at the hospital moments after the ambulance and immediately afterwards, Steven Smith, the Senator's brother-in-law, arrived as did Colonel John Glenn. Again I was surprised that the uniformed hospital attendants would not let in Steven Smith or Colonel Glenn, buy eventually, upon proper identification, they got in.

The Senator was then brought out again and moved into an ambulance and driven to the Good Samaritan Hospital. Somehow I felt hopeful at the time since Mrs. Kennedy went in a separate ambulance. Joe Quinn, the Deputy Mayor, arranged a police car for Fred Dutton, Steven Smith, Roy Varrow and myself, and took off for the Good Samaritan Hospital. Again, with two officers in the police car

2025 RELEASE UNDER E.O. 14176

they did not know the location of the Good Samaritan Hospital. As a matter of fact, they drove in the opposite direction and could not get the proper information from the operator. As a matter of fact, they did not even ask the proper questions from the operator and had her confused. It was really unbelievable but we finally arrived at the hospital where a large crowd was gathering.

This is briefly the way I remember the last hours of Senator Kennedy's visit to California. I would like to add that at no time did anybody criticize anybody in connection with the shooting, instead the staff was formidable and dedicated and efficient to the very end as I had learned to know many of them during their stay at the Ambassador from the middle of March to Wednesday, June 5, 1968.

As the Senator said in many of his speeches, "We are all in this effort together" and everybody surrounding him certainly was!

Los Angeles, California
June 7, 1968

I, Edward Minasian, make the following free and voluntary statement to E. Rhead Richards, Jr., and Nicholas McGehee, Jr., who have identified themselves to me as Special Agents of the Federal Bureau of Investigation.

I reside at 129 No. Lomer St., Burbank, California, and I am employed in the catering department at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California. I have been so employed for approximately five years.

Shortly after midnight of June 4th, 1968 Senator Robert F. Kennedy finished making a statement to his supporters in the Embassy Ballroom at the Ambassador Hotel. The original plans, upon the conclusion of his speech was to turn left, and go downstairs to the Ambassador Ballroom and at the last minute plans ~~of~~ were changed to to take Senator Kennedy and his party to the Colonial Room, which was the working press room. In order to follow through with these plans, it was necessary to go through the Kit-

2025 RELEASE UNDER E.O. 14176

pantry adjoining the Embassy Room.

I was leading the party, and was on the Senator's right, about one step in front. After about fifteen feet inside the pantry door, I sensed the Senator was not as close as when we started into the pantry. I turned to my left, and observed the Senator shaking hands with hotel employees on his left. My partner, Karl Uecker, was on the Senator's left, and about one or two steps in front of him. While the Senator was shaking hands I saw out of the right corner of my eyes someone darted behind my partner, and reached around him, with a gun in his right hand. Before I could react, he fired two shots. My partner grabbed the gunman in a headlock, and I grabbed him around the wrist, and forced him up against a steam table. We could not control his gun-hand until after he fired a number of shots in rapid succession. A number of the Senator's party helped us to subdue the man and take the gun away. I saw Rafer Johnson put the gun in his pocket.

At this point I went to the room-service

2025 RELEASE UNDER E.O. 14176

telephone and called for an ambulance and the police. As I ran to the phone, I noticed the Senator lying on the floor with his head in a pool of blood and his eyes shut. One of the bus-boys, Juan Romero, kneeling down by the Senator. When I returned from the phone, approximately one minute later, I noticed that the Senator's eyes were open, and that there were many more people in the immediate area. I returned to where the gunman was being held down, and remained there until the Los Angeles Police arrived to take custody of the gunman. While there, I heard Rafer Johnson ask the man repeatedly, "Why did you do it, why did you do it?" The man looked at me and said "Let me explain, I can explain." At this point someone told him to shut up. Within approximately ten minutes the police arrived and took custody of the man. Uecker and I escorted the police to the Wilshire entrance, and then returned to the pantry, and by the time we got there the Senator and others who had been shot had been taken away by ambulance.

June 7, 1968

I, Harold L. Bubba, reside at 20503 Osage Avenue, Torrance, California. I am employed by the Los Angeles City Fire Department, at 217 South Hill Street, Los Angeles, California.

I have been advised of the identities of interviewing agents - that they are special agents of the Federal Bureau of Investigation; I voluntarily furnish the following signed statement.

On the night of June 4, 1968, I was on Special duty at the Ambassador Hotel in Los Angeles to take pictures of any violation of fire regulations. This was done at the request of the Fire Prevention Bureau.

At around midnight I was sitting across the hall which runs along the north side of the Embassy Room. I observed Senator Kennedy and his party pass where I was sitting and go out of sight around

2025 RELEASE UNDER E.O. 14176

a door way and I believe that he had gone on into the Embassy Room.

There were several struggles following the Senator's party. One by them came to my attention due to the way he was looking from side to side as though he was observing the layout of the area or the people around the area. He was also carrying what appeared to be a rolled up poster in his hands. It appeared to be a roll about two feet long and three to four inches in diameter. ~~was of a, heavier stock.~~

~~This individual apparently waited in the hall while the Senator was in the Embassy Room as~~ I saw ~~him hold~~ a rolled up poster, similar to the one I had previously seen being held ~~in~~ on the hall. Air in the hall. While the Senator was apparently in the Embassy Room. I remained and later the Senator's party was leaving the Embassy Room and moving down Howard to the Press Room at the

2025 RELEASE UNDER E.O. 14176

end of the NHB hall. I did not actually see Senator Kennedy at this time but by the movement of the crowd I was under the impression that he was in the group.

I heard what sounded like three shots fairly close, followed by several more at random intervals. They sounded like they came from a cap pistol. I also saw what appeared to be flashes from the shots. At this time I had the impression of someone standing on a table and firing a gun at a downward angle.

I moved forward when this activity had happened and learned that Senator Kennedy had been shot. I got my camera and returned and began to take pictures. I took five pictures of the activity. I then learned that in addition to Senator Kennedy several others had been shot. I also became aware that some of the commotion was caused by several others subduing the person who apparently had done the

2025 RELEASE UNDER E.O. 14176

shooting.

I later left the Ambassador Hotel and went to Fire Department Headquarters. Enroute I wondered whether ~~the~~ the person I had seen following the Senator's party with the poster had been involved in the shooting. However, after I arrived at Headquarters at 7:30 I heard a broadcast that described the suspect as possibly a Negro or Mexican man about 25 years of age. ~~However~~ I recalled the person I had seen with the poster as about the description but with a complexion too light to be described as Negro or Mexican. The man I had seen had a full head of black hair and he was wearing a blue shirt or blue jacket, and possibly dark trousers.

~~The~~ I later saw pictures in the newspaper of the person charged with the shooting and I felt that it was the same person I had seen following ~~the Senator~~ Senator

Kennedy and carrying the poster.

The pictures I took showed several people struggling with a man who apparently had done the shooting. One picture showed Senator Kennedy on the floor surrounded by people. The foot and a portion of the leg of one of the other victims was also shown in the picture of Senator Kennedy. One of the pictures only showed the backs of some by standers. Another picture showed a man standing on a table next to the wall near where the Senator had been shot.

I have read the above statement consisting of this and four other pages which I have read and initialed and it is true and correct to the best of my knowledge.

Los Angeles, Calif.

I, Henry Adrian Correa, hereby give the following voluntary statement to George M. King and Roland N. Broyles who have identified themselves to me as Agents of the FBI. This statement may be used in any manner deemed necessary.

I am 19 years old, Born 10/30/48 in Los Angeles, Calif. I currently reside at 1838 Workman, Los Angeles. I am employed by the Los Angeles City School Districts as a Playground Director. I currently attend East L.A. College, majoring in Police Science. This is my freshman year.

On Tuesday 6/4/1968 at approximately 11 AM David Montellano and myself attended the San Gabriel Rifle Range for Target Shooting. David resides at 3314 Mocco St., Los Angeles.

After shooting on the rifle range, we noticed an individual shooting very rapidly on the Pistol range which is beside the rifle range. At this time we decided To start shooting our own Pistol, a .22 ~~Colt Python~~ H.A.C. Colt Magnum.

H.A.C.

2025 RELEASE UNDER E.O. 14176

Noticing the individual down the range was shooting rapidly, we decided to approach him and inquire about the weapon. David asked him if the weapon was a 38 & he replied "No, it was a .22 caliber." Then I asked him how many Bullets the Pistol was able to hold, and he replied "it is an eight shot Pistol." I then asked him if it was Single or Double action and he replied "it is Single." It was quite obvious he didn't know much about the gun as we could see that it was Double action. We finally said that we had gotten him confused and that the Pistol was Double action. I asked him what make the gun was and he didn't answer. I asked again and he said "it was an Iver-Johnson" and showed me the inscription on the Barrel which verified this.

This individual then ask us if we hunted and we answered "No, we had just Begun learning about Pistols." I believe I asked him if he hunted himself and he said, "I just started shooting myself." David asked him about a Special Box of

Bullets which he had on the support in front of him. The Bullets were Mini-Magnum. We also had several Boxes of regular ammunition. The Box of Mini-Magnum was about ½ gone. We had about 400 empty casings To the right of him which he had apparently fired.

~~David and I decided to leave~~ The individual asked David how to obtain better accuracy when the sight Pattern and they discussed Briefly and then David and I left the range at approximately 2 PM the individual was still shooting.

After Senator Kennedy's attempted assassination early in the morning of June 5, 1968 David & I heard the Description of the Suspect and the gun used and decided it matched the Description of the individual we had seen and talked with at the range and the gun likewise matched. We decided to call the Police.

The individual at the range was about 22 to 23 yrs. of age, thin Build, weighing about 135 Pounds, about 5'5" to 5'6" Tall, dark complexion with curly, Black or Brown

hair. It was apparent that he was of a foreign extraction. He spoke with some type of accent not readily known to me. He was wearing a long sleeve beige or white shirt with stripes and light blue jeans. I noticed no apparent scars or identifying marks. I saw no one with him and noticed no automobile.

After we called the Police, Detective Lou Estrella of Homicide Division, Central, LAPD came down with six mug shots. David and I both picked out one mugshot as definitely being the individual we had seen at the range. We'd not known his name at that time and didn't know it until we heard the name on television.

I have read the above statement consisting of this page and three (3) others, initialed each page and correction and believe it to be true to the best of my knowledge.

Description: Signed Statement of Brenda Security Guard at the Ambassador

2025 RELEASE UNDER E.O. 14176

56-156-1a 11

I, Thomas Perez, make the free and voluntary statement to Bernard M. Connors who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. I live at 538 South Lorena Los Angeles home phone AN9-4387 and am a Security Guard at the Ambassador Hotel 3400 Wilshire Blvd. L.A. On the night of 6/4/68 I came to work at 5:50 P.M. and punched out about 2:48 A.M. 6/5/68. I was assigned to the Embassy room during Senator Kennedy's speech. My post was near the first swinging door to the left of the stage as Senator Kennedy faced the guests in the Embassy room. It was my understanding that when the Senator finished his speech he was to come through the door I was on and turn left down the hallway behind the stage. As soon as the Senator finished his speech a superior of mine, whom I don't recall, told me to close my door and keep the people out. About a minute after the senator finished his speech I heard about seven shots all in a row, all in about three seconds. The crowd was starting to force

2025 RELEASE UNDER E.O. 14176

there way through my door before the shots and I was busy keeping them back and did not see which way the Senator went after his speech nor did I see the shooting or the suspect.

When I heard the shots I turned toward the swinging doors leading into the Pantry and saw a women bleading from the head. She was still standing at these swinging doors and I helped her back into the Embassy room and a doctor, whom I don't know, asked me to get some ice, which I did. I did not go into the Pantry until about fifteen minuts later and Everything was over with in there except the Los Angeles Police Officers were interviewing people in there.

As I said above I didn't see the shooting as I was too busy keeping the crowd from coming through my post.

I have Reclad the above and it is True to the Best of my Knowledge

1- signed statement of above.

56-1556-1026

Los Angeles, California
June 6, 1968

I, Enrique Rabago, make the following free and voluntary statement to Paul Chamberlain, Jr. and Thomas J. Bevans, who have identified themselves to me as Special Agents of the FBI.

I am an American citizen born in San Antonio, Texas, September 25, 1926 and have attended two years of high school in Mexico. I can read and write in the English language.

On June 4, 1968, I travelled to the Ambassador Hotel on Wilshire Boulevard in Los Angeles to observe the activities at the Kennedy election headquarters. I was accompanied on this trip by my friend, Humphrey Otto Cordero. We arrived in the vicinity of the Ambassador Hotel at approximately 9:00 - 9:30 p.m., June 4, 1968, parked several blocks from the hotel and walked to the main entrance to the Kennedy headquarters.

I did not feel like going in to the building in that I was not dressed in a suit, but was wearing casual clothing, however, my friend, Humphrey Cordero, urged me to go in with him. We entered the main lobby of the hotel and after approximately ten minutes I became separated from

2025 RELEASE UNDER E.O. 14176

E. R.

Cordero due to the large number of people standing around.

I could not see Humphrey Cordero and I, therefore, walked to the porch area at the front of the main entrance on Seventh Street hoping that he would find me there. Upon arriving on the front porch, I noticed a great many people standing there talking. I started talking to several of these people in a general conversation concerning the election returns and it was at this time that I first observed an individual whom I later learned to be identical with Sirhan Bishara Sirhan from pictures in the "Los Angeles Herald Examiner" as well as local television programs. This individual was standing on the porch alone sipping from a drink and I engaged him in conversation concerning the election. I said to him "Are we going to win?" and he answered "I think we are going to win." At this time I said to him "I don't know, Mc Carthy is ahead now" and he replied "Don't worry about him if he doesn't win, that son of a bitch, he's a millionaire and he doesn't need to win. He just wants to go to the White House, but even if he wins he's not going to do anything for you or for me or for any of the poor people." This man continued talking to me and

2025 RELEASE UNDER E.O. 14176

E. R.

he told me that "Kennedy did not care about any poor people and merely sought to gain the Presidency for personal reasons." I feel that this man was becoming very disgusted with Mr. Kennedy and at this time told me that Kennedy was going to buy the Presidency."

At this point I became disgusted with this individual's opinions and was about to walk away when my friend, Humphrey Cordero, arrived. Humphrey Cordero asked me where I had been and I told him I had become lost in the crowd and had come to the porch to wait for him. Humphrey said to me "Let's go back into the lobby" and I told him that I did not want to return because my clothes were not good enough. At this point Humphrey turned to the man I later recognized from the "Los Angeles Herald Examiner" to be the man accused of assaulting Robert Kennedy and beckoned to me saying "Look at my friend, he doesn't want to go in because of his clothing. What do you think of that?" To this comment the man in question replied "We're voters. We can go in there like this. I just returned from the Rafferty headquarters." At this time he told Humphrey Cordero about an incident that occurred to him inside the Rafferty campaign room. He told Humphrey

2025 RELEASE UNDER E.O. 14176

that he had gone in to order a drink and that the people in there stared at him and obviously did not like him because of his clothing. He also told Humphrey that these "big wheels" watched him as he ordered a drink from the hostess and he continued by telling Cordero that he "showed them" by paying for his drink with a $20.00 bill and leaving the change for the hostess. He told Humphrey, at this point, that "it is the money you have got that counts, not the way you look." I cannot positively quote the above conversation between Cordero and this man because at the same time I was watching a television monitor concerning the election results.

At this point I walked into the main lobby to be closer to the television set and this was the last time I saw the man in question. This individual was positively alone when I saw him and at no time did I see him talking with anyone but Humphrey Cordero or myself. I definitely got the impression from talking with this man that he did not like Mr. Kennedy personally because of the fact that he was a millionaire.

The entire length of my conversation with this man was approximately five minutes.

2025 RELEASE UNDER E.O. 14176

Humphrey Cordero and I stayed at the campaign headquarters until approximately 10:15 or 10:30 p.m. at which time we left going in my panel truck to our homes.

Later that evening I first heard of the shooting of Robert Kennedy on the radio, but it was not until the next day that I first saw a television picture of the man who is accused of shooting Mr. Kennedy. I recognized this man to be the same as the man I had spoken to at the Ambassador Hotel on the previous evening. Later this same day, June 5, 1968, I again saw this man's picture on the front page of the "Los Angeles Herald Examiner" identified as the individual accused of assaulting Robert Kennedy. I first saw this paper when Humphrey Cordero purchased it and brought it to my truck. Immediately after seeing this picture and discussing the situation, Humphrey Cordero and I drove to the Los Angeles Office of the FBI, arriving at approximately 5:00 - 5:30 p.m. where we were interviewed by Special Agent Paul Chamberlain, Jr.

Special Agent Chamberlain has shown me photographs of ~~seven~~ six 6? male caucasians and from these pictures I picked the photograph of an individual whom I am certain was the individual that I had talked to on the night of June 4, 1968 at the Ambassador Hotel.

2025 RELEASE UNDER E.O. 14176

E.R.

To the best of my memory the man I talked with at the Ambassador Hotel can be described as:

Male

Caucasian

Height - between 5'4" - 5'5"

Weight - 120 - 130 lbs.

Complexion - dark

Hair - dark, very kinky

Age - early 20s

Characteristics - appeared to be of Mexican origin;
appeared to be educated, but arrogant

I have read the above statement consisting of this page and five others and it is true and correct to the best of my knowledge. I have initials all corrections

front entrance where I saw Enrique talking to another individual who was sipping a drink. I walked up to Enrique and asked him where he had been. He told me he had become separated by the crowd and had walked to the front door to see if he could find me.

I told Enrique to come with me and we would go back into the lobby, but he objected saying that he was not properly dressed to return inside in that he was only wearing casual clothes. I told him "Look at the guy standing next to you, he's dressed in the same manner that we are." At this time this individual said words to the effect that "why shouldn't we go in there, we're putting them in office." He also said "I just came from the Rafferty campaign center and lounge. As I walked in the hostess looked down at me because they were dressed like millionaires and I was dressed like this. I took out a $20.00 bill, bought a drink (indicating the one in his hand) and left her the change." At this point he said "Then she was all smiles. It goes to show you, it's not how you look, it's what you got." He appeared to me to be very aggravated by the fact that he was looked down upon

by these "rich people" and he said that these "rich people looked at me as if I was dirt." He implied that although everyone in there looked to be a millionaire, he had "showed them" by his actions involving the $20.00 bill.

I got the impression during my conversation with this man that he was discontented and especially disgruntled with "rich people", particularly involving the incident at the Rafferty lounge.

My conversation with this man lasted only a few minutes and the conversation ended when Enrique Rabago and I followed by this man returned into the lobby of the Ambassador to watch the election results on the television monitor. I, at no time, observed this man speaking to anyone but myself and Rabago. After parting with this individual I did not see him again during the evening. Rabago and I stayed at the Ambassador Hotel until approximately 10:15 - 10:30 p.m. at which time we left for our homes in Rabago's panel truck.

The first that I had heard of the attack upon Robert Kennedy was later that evening on the radio. The following day, June 5, 1968, Enrique Rabago met me in H.C. downtown Los Angeles and told H.C. me that he believed the individual we

had talked to on the previous evening was the man accused of shooting Senator Kennedy. We waited until the late edition of the "Herald Examiner" came out at which time I looked at the photograph of the man on the front page who was accused of shooting Senator Kennedy and I positively recognized him as being the man that I had spoken to on the previous evening at the Ambassador Hotel.

Immediately after viewing this paper Rabago and I drove to the Los Angeles Office of the FBI where we were interviewed by Special Agent Paul Chamberlain, Jr.

On June 6, 1968, Special Agent Chamberlain showed me the photographs of six male caucasians and from these photographs I positively identified one man as being identical with the individual I had seen at the Ambassador Hotel on the night Senator Kennedy was shot.

To the best of my memory I would describe this individual, that I saw at the Ambassador Hotel, as follows:

Caucasian

Weight - very slight, about 125 lbs.

Complexion - dark

Hair - dark, very kinky

Age - early 20s

I read the above statements consisting of this page and four others and find them to be true and correct to the best of my knowledge.
